Vending Machine Operator's License

Iowa law exempts vending machines that dispense only prepackaged non-hazardous foods from obtaining a license. Vending machines that require a license are those dispensing the following items:

- "*Non-prepackaged foods*" which include post and pre-mix machines dispensing such items as coffee, soft drinks, soups, and similar items in cups; and
- "Potentially hazardous foods" which are food products that must be stored at 41°F or below, or 135°F or above

The operator shall maintain within the jurisdiction of the regulatory authority, a list of all vending machines and machine locations operated by the licensee, and shall make the list available to the regulatory authority upon request.
